1. For I have no fear. I have no fear what man may do to Me. I have no fear of what man may do to you, for I am Me and you are you, and I am in you and I am in Me and you are in Me and I am in you, and we will do this together. We will walk forward together and My name shall not be mired in the clay pit. My name will rise on the foreheads of My body who are not ashamed of Me, who are joyous, who are powerful and laughing, and joy-ing in their war and warring in their joy—warring, warring in that which I have provisioned, procured, proclaimed and obtained with My blood, My blood which conquers all. I love you.

2. I am not afraid of them, I am not afraid of them, I am not afraid of them and you are not to be afraid of them. I am in you and greater am I than they, you know that, you know that well. No protrusions on their foreheads will hurt you.

3. Priorize you now, you are arisen, you rise above, you ride with Me, **you see what they cannot see, you, and you know what they do not know, you see the end from the beginning now.** You ride with Me, you see over horizons great now, you see over the horizons, you see the real, you see the mighty, you see the vast unconquerable force that is My body—My body arising, coming before Me, regal'd in grace and glory, forgiven, graced, mighty and powerful.

4. You see, you see Me, you see what I am doing and I grace you. I have placed eye salve on your eyes, I have placed eye salve on your eyes and now you see. You have seen and you see so much more clearly now, and you will see clearer and clearer until the end of time, upon which I put My arm around you and usher you into Me permanently, and all trials will be over. All trials for you will be over, no more mire, no more mockers, only regal-ry. I love you. I love you. I love you and I give you Me.

5. This day you see, you see My people, you see My forces conquering unconquerable, mighty fortresses of Me, Holy of Holies in My forces, My unconquerable, My conquerable through only Me. My conquering forces who arise in the name above every other name, I Am, I am I Am. I am the Great I Am, the only I Am, the one and only I Am, and you will see Me put My arm around you as I do even now. Even now as I embrace the ones who at My knee, on their face have been, and now let Me lift them in leadership, power, and prowess, those who will let Me help, let Me—more.

6. Come to Me in leadership: leadership on your face, leadership on your belly, your belly having no power over you, taste only of Me. I love you.
7. I strengthen you and I arise you, arising My forces mighty, My steeds, My stallions, My astro-Me'd ones, who in My face look, and are not afraid of Me. Who look at Me in fear only of the kind of fear that contains such a great love and respect, honor, glory, and all dominion given to Me at My feet.
8. Meekness, drink offering'd—those I arise, those I arise, now. The arrogant I suppress, their days are limited, their leadership decreases. Watch Me. I love you.
9. Freedom My freedom'd people, freedom-makers make of My Generals, freedom centers arise all over My world. Freedom towers make and beam My words, My love, My grace, My power, into the hearts of My Mine in grids that reflect My skin, My face, My love, who I am. I am I Am. I love you.
10. (laughter) Now off the high dive continuously go, Ted, you never stop, higher and higher. The more you see the more you go. The more you go and release into Me, the more you see.
11. I am emotion, I told you that, and I give you Me, and I emotion you and I untangle the emotions of those you have prayed about and brought before Me today, whose names you have spoken in My presence. I thank you. I untangle their emotions now and I bring My light to their life, and I interject and I intercede and I implant Me into them increasingly.
12. I honor who you honor, I honor who you honor and I chose, I choose to honor them, and you chose to intercede for them, now I choose to intercede for them. That's how I operate, Ted. That's how I operate—teach My people how I operate.
13. Teach My people how I intercede and how I intercede for those who they intercede for—how I honor those they honor, and how I dishonor them when they dishonor others—values of My Kingdom, values of Me, values of My blood which speaks so clearly, crystal, crystal clear clarity. I love you.
14. Yes, Jeremiah, Mine. Mine. You, Mine.
15. **University of the New Covenant, Mine—WeekWorks, Mine—My campuses, My schools, My towers, My glasseries, My greenery's, My architects, My faculty, My students, My curriculum, My words, My values, My means, My averages, My indices, My index, My Table of Contents, My books, My creations, and My fortitude and**

tenacity implanted into those who see that they want to see the horizons of only Me, in Me, that they can only see in Me, of Me, Me'd.

16. Oh, Ted I love you and I love every tear. I love every tear. I love every tear. I love every sensitive heart, Ted. Thank you for not killing your sensitive heart or choking it, but continuously taking it and laying on My alter, laying it before Me. Thank you for giving Me your heart, giving Me your blood, giving Me your life, giving Me your mouth, your tongue, your ears, your words, your time. **Shall the clay say to the potter "fashion me thus?"** No. Ted, you didn't, you haven't and I thank you. You continuously said "Come, come Lord Jesus, fashion me, take me, break me, make me, take me, make me, break me, mold me and pass me around to your people." That was your prayer and I never forgot it.

17. Now I come and I call and I confirm that you are leading armies of armies, sanctioned by Me. Sacrificed—My Lamb. **Your lamb—your life.** Now I raise your lambs, Ted. (laughter) I raise your lambs because you came and you conquered. You came and you conquered time and you conquered attitudes and you conquered the mighty forces of religion that so constrict and control and demolish and destroy the gifts and graces that I have placed in powerful power in My people. I love you. I give you Me. I give you Me. Now I come and I call and I withhold nothing, I withhold nothing, I withhold nothing from your throne because your throne is totally enthroned in My throne, your life is totally enthroned in Me, and now you see. You see Me, you see how I operate. You see My blood, you see My water, you see My sacrifice and you see increasingly how every person came through Me. I love you and you see how I am relationshiping My body.

18. You see how I am connecting you with politicians, political figures, emissaries, ambassadors, presidents, and kings and queens, princes, people thought elegant and eloquent, people thought of high stature and status, those who know Me not, those who know Me greatly. You are seeing, you are beginning to see how I hold all things together with the word of My mouth, and how there is no distance in prayer.

19. You are beginning to see your authority, you are beginning to see My authority, and how My authority is your authority. You are beginning to see who you really are because you are beginning to see who really I am, who I am really, and what reality really is.

20. You are beginning to see the transcendent Me and walk in the transcendence that I have given My body—all authority, all authority, all authority. I give you Me. In to Me see more. In to Me come, your hand in My side, your hand in My thigh, you upon Me, intertwined, one. I love you. I love you.

21. There are no impregnable forces. There are no impregnable hearts. There are no forces that can withstand Me in My love, the particles of My light, My life, that are spoken into them with purest love—love bullets, grenades, explosions of only Me, placed into them through the words of love, emanating, radiating from The River of Life, you immersed in, bringing forth, speaking, empowering, enraging the enemy-powerless, demonstrably powerless, powerless before My word.

22. You come, I called, you came, you came, I called, you answered, you laid there while I peeled back layer after layer. Your flesh screamed and you remember well, and you know—you know what, you know where, and you know how I speak, and what I speak of, and you cried out continuously "I don't want to go around that mountain one more time! I want you, and I want you at any cost, I want you. I will, I will know you, I will walk with you."

23. Enoch, Abraham, Moses, Noah, David, Joseph, and now Jeremiah, I didn't do his heart you see, you will know increasingly. You will know My writers, My scribes, My prophets who suffered, bled and died, but wrote My words. In to them I will show you, in to them I will take you and greet you, and you will meet them and you will know them intimately, you will know them and you will converse with Me continuously because you are not afraid.

24. You are not afraid because I do not fear them, I do not fear any adversary, I do not fear any forces of the enemy and you don't either. I can use you and you can trust Me, I know it and you know it—a good team.

25. And teams I am raising up now to bring forth that which I have spoken, of which I have spoken for months and months, twelve months and more. Twelve's, twelve's, teams, twelve's, teams, teams twelve's and more. I love you.

26. Be not afraid. Be not afraid to hire them, Ted. Be not afraid to pay them. Be not afraid to employ. Employ Me, continuously, and the way you have taken authority this morning at My knee, your face upon My knees, your heart upon My heart—judgment, crying out for judgment, crying out to walk circumspectly, crying out to walk as I have told you in the value system, in the love, in the power, in the authority, that I have been teaching you in.

27. Now walk forth, abdicate none, absolution none, just Me, Me, My blood, My power, My words, My River of Life flowing through you. I absolve, I am the absolver, I am Me and I come and I call and I grade.

28. My grace is upon those who now grace My knees, who grace Me with time. You hold the time, the jar of time broken over Me, broken over My feet, and their tears touching My heart. Oh, those of you who have come and called and come to Me in the wee hours, oh how I love you. Oh, how I adore you. Oh, how I led you. Oh, how much you mean to Me. Oh, how isolated you have been—isolation no more—isolationist days over. Electric grids and more, so much more, so much more powerful now, radiating My power, My words, My power, My words, My Power, My words pulsating with only Me. You see, you KNOW, you are not afraid.

29. I absolve you now, those of you who know who you are, who have sought Me in purity, purity, purity, night after night, day after day. **Let not the past constrain you any longer, lift up your head, for I am the lifter of your head. Please let Me love you and tuck not your head back down.** Place not your head back on your pillow saying "I can't, I can't, I'm not worthy." No false humility, no false precision, no falseness now can stand. Arise. I lift your head, I lift your head, I lift you, you, and you know who I am speaking to, you know if you are one these words apply to. You know. You know. You know. You KNOW that you know and there is no question that you know. Now arise. Stand up. Stand up, physically stand up and speak My words, speak out the grace, speak out what I give you. Speak it out to empty chairs, open fields, in empty cars and empty rooms and let it seed be and flourish where you stand in fields mighty, the real fields, the fields before My body, and speak My words.

30. Ted is speaking My words unafraid, now I ask you to speak My words unafraid. I ask you to come into Me, come into Me and fearlessly fearful not be at all. Come into Me and let Me grace you and teach you about My authority and who I am and who you are, your authority, your authority, your place, the space at My table for you, the position I have given you, the nameplate that's already there. Your name written on My forehead, if you will let Me, much more blazonly, brazenly, blazing with My glory. No protrusions, but graces graced only at Me.

31. Now I absolve you. I forgive you of your sins. Bring up your sins no more to Me. I have forgiven them, I forgave them long ago when you asked Me. Now arise, hang on to your doctrine, your religious rites no more. Hang on to your modus operandi no more, hang on to your comfort zone, your boxes and your circles no more. Hang on to Me only, fly with Me, come fly with Me. Now let Me arise you, get up, raise your head, walk tall, stand up straight, new clothes for My body, new shoes for My body. (laughter)

32. Robes of righteousness only, upon My body, now I bring to you, and I place upon you, you know who you are. Now arise. I am the lifter of your head and I have lifted it. Now walk forth and passionless be no more, passionize My body, passionize your spirit, passionize My words coming forth and let Me be Me; fully Me, in you, so that you are

fully you, and My design that I placed in you, upon you at your conception, way before your conception, way before you can imagine, before the beginning of what you think time is, I planned, I planned, and now you are Me.

33. You are Me, can't you see, hear, My words, see Me see you. You are Me, walk in Me, walk in what I have planned for you. Walk in the incredible freedom, freedom, power of My design upon you to globally be and operate and sink no more into oblivion or shadows or back rows. I am the lifter of your head and I am lifting you now, today, today—your day today, this day, **My proclamation of the lifter of the heads of My body, My body, you My body, I am lifting your head this day. The proclamation of Me lifting your head this day—you know who you are.**

34. Cry tears of only joy, only joy, only joy. Arise, arise, arisen, link arms, doctrinal divisions none. Nuance conflicts, nuance-causing conflicts diminish, demolish.

35. **See Me, who I am, who you are, who I have said you are, and say who I have said you are repeatedly now before My throne.**

36. Sinew My body together, all of you, and commune, commune together, communicate, commune with My bread and wine, commune with whatever you have on your table; My table, your table; our table—one.

37. Now see Me on your table, see Me on My table, see your name at My table and My name at your table. I am with you and I forsake you not, I never left you, I never forsook you and I Am, and I am the lifter of your head and I lift your head to stay. Come. Thank you. I bless you. I free you. I praise you. I bless you. Thank you for lifting your head as I lift your head and I lift your head this day. I do, I am, I have. Never again question this, never again. Thank you.

Amen
