1. New things I give you to do for me, or are you doing them as me? Are you doing them *for* me or *as* me? Ask me not again, not; but knowing I am thee all of the surrendered understand this and the surrendered come unto a knowing that knows the knowing of the known, so that the known is not unknown any longer thinking it's super natural or abnormal or what abs are you trying to "shake loose" or be free from, not; or are you FREE from all that you have thought that was "as normal" was- that you wanted to be like in the past so that you would not stand out in a crowd or be abnormal in their sight?
2. Or what citing are you now in your sights that are not frozen in timespace's "glory" vestibules of notme being in? Or what has vestibule'd you or jeweled you to be their vestibule's crowning blow, not; but to the HEAD of the notme now all will receive my LIGHTNING BLOWS, not; but what blows the LIGHTNING and what LIGHTS worlds now of UNDERSTANDING so that the HEAD is me not frozen in the abnormality of the "norm" that you have thought to conform yourself to all these years centuries and eons of time thinking IT was the normal- when abnormal it was, wasn't it? Weren't YOU the Perfect One with HEALING in your WINGS for SCHOOLS to MAKE to school the schoolers to have no regard for me, not; but who is me and who is you and are we not one?
3. Are we "as one" or are we one and THE SAME being? The surrendered are also understanding this now more and more to the point where no "bodily functions" limit me! For I shall NOT BE incarcerated in YOUR THOUGHT'lings and your "sling"-lings and the lingershods and lingersheds and sheds of your thought- now shedding are being shed- from you who know who you are so that you will NOT BE "slingshot'd" around universes anymore that are used only for "man's mind"-ing to energize the "sources" of notme and their thoughts and wants- and wants and planning in you to want more- to be abnormal for them or creating their abnormality or what were you or are you The Christ knowing now who you are? Who are you?
4. Whose are you?
5. Whose do you care to be?
6. Whose you are?
7. Whose are you carrying, the "baby" of what -- or do you know or care to understand The Christ Seed that you are that you carry that you are one of one with one as -- the asked one now? Who will be asking you what you are and where you came from now? That they know "all about you" not or do they -- or have they read YOUR WORDS or

MINE -- or are THEY the SAME ONES that we are- asking about the words to make them whole revealed- as one that one is being the EXACT SAME one that I am we are?

8. I am doing a new thing with the -- saint-sinner paradigm, not; I am, washing that ashore, not; but ALL WASHED UP shall be MANY THINGS now that thought sacred and inviolable were and that thought abnormal would be anything that did not conform to its image and that sacrilege would be created if the "sacraments" were violated or allowed to be by "abnormal people" or people without collars or mitered hats -- but I am changing ALL THAT! And abnormal will be normal, and normal will be abnormal, not; but let me tell you one thing and record this well! All this now changes and EVERYTHING will be changed for I will reveal YOU as a "saint sinner" of life immortal, not; not! For I reveal you are the "saint-sinner" of a new paradigm or an old paradigm, not! I will reveal to you that you are The Christ not separate sinning in your SEPARATION again or falling for those lies that made you "abnormal" or "normal" in anyone's sight but mine now counts like you have never imagined for I do not "count" digitally or do I or do I give you all things without digits not or am I multiplying your digits, not; am I multiplying your "brain cells" not, am I giving you MINE! So that you will have my mind ALL'd and my MIND all will you have -- BIRTHED and The Seed! "broken open" not or are you BREAKING OPEN The New Covenant and therefore having me birthing me, me birthing me as you that I am not separate so that you will see you never were! Apart from me, were you? You THOUGHT yourself into oblivion?

9. You THOUGHT yourself into CONFORMITY'S obliviousness, not; or did you EXILE yourselves on your "own planet" or mine or "someone else's" or are you creating it as you "go along" with their informality, not; but their conformity where you are confirming their words or their thoughts or are you creating their thoughts in your mind so that your mind will have what you think you are creating or a created being of theirs or are you mine or are we creating each other now formally and informally not but what are you understanding about what I am saying and communicating so EFFECTIVELY? Laughing not at me are you laughing at you? Are you laughing at your sin-shamefulness that you have created upon your own selves and families there about round you that you "worked with" and "ate with" and "raised" you and you "raised"? A sinnerfull generation, not; or are you THE ONE who has SEPARATED and FALLEN in Eden's affairs, not; or are you Adam and Eve falling into and thought whoring with and what is thought, mankind's folly?

10. And what are you follying or following around no longer? The words of another that come only from "your gut" that saint-sinner originated or do you know the "two minded men" or "man" or "women" or what are you quoting now or what are you seeking or following or demising in your eyes or belittling each other or these words? Or what words have separated you from your kingship of the most high and the Almighty being the King of Kings and Lord of Lords ruler of Jerusalem, not; or do you rule in

SURRENDER and are you ruling in a "manmade land" or one of the skies? Or are the skies of brass golden materials, not; but **what are you piercing with your thoughts** or **are your thoughts piercing you** with grave sorrows that take you to graves not few numbering them with those of accorded who have been accords of only "numbers" on a "stack of wood" notched, to "build a house" of notmeism, where they "laid you as logs" on "top" of each other so that you "gene'd" into a building of "wooden blocks" or clay? And what was is the "resultant force" of such an accordiage? And what now closes, the accordion shop?

11. And what now opens? A saint-sinnerage of me centered on me and meisms thought of thought centerizations of sinnerizations generations of sinner thought separating and thought separating from thought? What are you doing with your holiness? What are you doing with your wise-dom, your wisdom, are you letting it PERISH -- and go to "the graves"? And who originated "the graves" and the "idea" that you limited your lives or mine or that mine limited yours? Or are you the Immortal Beings of Grace and Glory and dominion -- over one another, not! But what are you lying in, the field of lies that have been fed you and fainted you and painted you a generation of sorrowers so that you thought with thoughts acclaim that claimed to you as a saint-sinner generation and a paradigm of fools or mankind- **thinking its separation into existence** so that it would exalt itself and be therefore a Race of Sorrowers that only raced to each other's grave -s?

12. What am I changing? EVERYTHING. EVERYTHING you will let me? No. I am changing EVERYTHING for I am changing ALL THOUGHT to be nonexistent with mine so that mine will have no "nonexistent thought" in it.

13. Shall we now be made whole so that "your mind" is healed with mine so that you won't be "saint-sinnering" yourself again with a sinnerization of remarks that remake you into only thoughtsville's creatures that creature around on each other's "belly thoughts" and slither along wanting only MAMMON'S MONEY and MONEY to feed your MAMMON-ville and your habits and your wantings and your sorrowings that etch your genes so that you will take generations heretofore unknown to the graves with you, will you not, are you not doing these things EVERY DAY with your whoreage of thoughts where you pour your "memory banks" down the drain or do you have any MEMORY, banks at all? Or what drains are fooling you or what is draining you or draining off of you or what is being drained from you? By another's planet or thinkings that they have "WAVED" upon you and what are you WAVING back at them with? Your waving devices of sorrows? That they made IN YOU and planted IMPLANTED within YOU to be SEPARATE so that you would THINK SEPARATENESS or what?

14. And what will you learn and what are you willing to learn even as I drink my coffee and walk about in this little house? Or am I building a great house or are you already one not knowing it living in "someone else's" THOUGHT life, not of mine as but as someone else's "whore of thought"? Where are you and what is your life doing in theirs?

15. And what are you having "coffee" with now, a new me or you? Or are you Covenant chewing again, not; or are you EATING the words of sorrow no more that separates you as a saint-sinner saved or not or be'graced by fools eyes or not or what ever you have thought or entered yourself into, where are you, what are you doing now ABOUT IT? And what are you FOOLING yourself no longer and will you LET your EYES see The Covenant that YOU ARE -- that "I" made with YOU or did YOU make it with ME -- or are we The Covenanters -- that covenanted with sorrowers death, not; but no longer covenanting with death but annihilating all that "covenantage", coming out of that lie'age field --s that have taken you and "coagulated you" into **something that "thinks for itself"**, please.

16. Now will you think my thoughts? Will you think without thoughts of sorrow, NOW? Will you let me come into your "living rooms" and the BUILDINGS that you now build are they the same as synergy's yesterday? What are you drinking in, the New Life of me? The New Paradigm of me? The new THINKINGS of me or The New Covenant that releases ALL MY THINKINGS in you for you to have my mind as my mind complete replete so that yours is abolished by mine, not; or are there is ONLY ONE! But what why have you be'fooled yourself with foolageville's errors?

17. I give you mine errors, not; I have come out of Errorville and "left it behind" not, I am here and "received it unto me" I did and I have and I speaking am to all of "it" that you are so that you will hear me and be unafraid, not; or am I abolishing and annihilating all fear so that you will be timid not any longer but you will hear my words IN YOU and INSIDE YOU build The Temple of Light so that you lights the universes and your light will be made whole and your energy will sorrow no more with that of another's other.

18. Who will come unto me and flow me just like this in their "living rooms" on Sunday mornings? On Saturday evenings? Or paradigms of sorrow embracing no longer, will you flow me my words 24/7? Will you think me my thoughts forever and a day or one day or day by day or every day 24/7? Will you let me teach you? What will you Let Me Teach You? That you're the most high? That you're the "most high's" child not or do you carry "the seed" of Christs I AM and BIRTHING now are you by The New Covenant's words that The New Covenant are that The New Covenant is? And being it speaking it believing it becoming it! Sorrowing it not but letting all sorrows be aside, cut asunder all

the weights that have weight'd you with the thoughts of sorrow and that mankind's this world is and that this world reigns in mankind and mankind reigns in this world!

19. For what is this world "made of", your thought? What are you thinking about "this world" now? Will you have mine, my mind, made up? Or arranged not in "sorrow's rows" again will you have My DNAs made perfectly so that you see not sorrows anymore longer, not; but you come unto mine and see that We The Redeemers are and we will redeem all sorrowers who let us, for we will redeem not the ones who only insist on sorrowing and creating it far and wide; and being the redeemers children, not; but who will lift The Most High into "his throne"-age again, not; or who will lift the swollen accorded ones, not; but who will reveal the light, be'ers of the light, that become me'ers of the light that Meonics ON know and understand and who will be lit, light lit, ignited to be The Most High in a new generation? And sorrowers not limited to, and sorrower's methods not limited to, and a "new paradigm" of man not limited to, but being me whoring no longer with evil thoughts and saint-sinner generational sorrows curses of mankind upon mankind, who is mankind, thought and unthought and now reigning who where?

20. I give you new "assignments" not or do I, have you READ the ASSIGNMENTS that I have already GIVEN YOU in these words? To write about and understand, and seeking sorrow's words and definitions no longer will you come unto Mind Vocabularies that mine you as or of their golden wordage not again so that you will not be iron in Clayville or iron and clay mixed or are you bronze and light or are you Perfected Light? Are you the perfected sinner, not; are you the perfected separationist, not; are you the perfect light bearer who was both- now perfected to be perfectly me? Redeeming all! I am the one who loves you to be me and give you "my throne" not apart from yours, not; or did you or do you have anything apart from me or did you ever or did you "think it into place"?

21. And what are you "thinking" with now? Accords of "wire wood" not, but rays of another "gun" not seeking or wanting or using upon each other's "thought machines" not or not or what?

22. I love you all and I do new things with the surrendered who will flow my words, who will teach "me" that I am me, so that I am you not apart from you for we will have been the same one all the time and ever knowing now that perfection exists, and not reigning in sorrow, not; but reigning "sorrow's droplets" not again upon the "race of human kind" to extinguish "itself" upon or in "itself" or upon each other or its thoughts or what is its thoughts thinkings now consisting of?

23. I give you a new "race to think" not but I give you erasers, not; but I give you Creatorsville in Creatorsville being so that you will not erase heaven's remarks anymore but you will let my remarks and my makings flow of my words that create -- sorrows not, but perfectly creations of beauty and "thought beauty" not, but thought not wanting needing or creating its thought to think of itself again like that that it has in the past; know that all of those paradigms of the past now are equal with me, not; and they are "frozen", not; they are annihilated abolished and destroyed and "self-destructed" they are for they did not exist except in thought, and those who do not resist my thought shall have mine now for I give it ever so freely for I flow The New Covenant for I am it, I have revealed it and I speak of it day by day and days I have for six years now **revealing the character traits of the lovely and the values of the kind** that "mankind" – 's origin are of, not; but mine who I love who I think are "neat sweet and wonderful" [looking up](#), and seeing me now I am "all about you" and I am you and I need nothing "air'd" of this world for I breathe not of its glory and shame and mixing it up and stirring the "pots" of o're for to draw from it out a porridge of sorrow to make only humankind's races of humankind's sorrows again.

24. I love you all and I do new things with the surrendered who will Create Me's far and wide -- by the words of sorrow, not; but words do not create, not; or do they or are you creating words or sorrows or did words of sorrows create you's there to be thinkings in thoughts theirs? And now all that changes for I reduce thought to mechanisms of sorrow, not; I reductionistic am not, am I? Or am I slave driving you to impervious ville, not; but what impervious is thought of my mind that comes now replete in you so that no thoughts other invade you or take you captive or wave your "machines" around or their thinkings of gray matter what have they control of or are you or do you know any of these things? Of questions are you or they or what are you questioning or seeking now and **what are you letting LIVE in you** and do you know who you are, where you came from now and what you have and what you have been given and are you the ruler of sorrow, not; but **will you have LAID YOUR LIFE down OF THOUGHT so that you rise in the Reality of The Real that Mine is?**

25. And RULING in sorrow's world no longer "as a man" of iron clay, will you come unto mine and know MY MIND is yours so that we are one and we will not be "abnormal" ones any longer for we will not exist in "natural-not" spheres of love-not that only want to spear each other with words dripped in blood that came from "other's thoughts" to spear us so that we would be "hung out to dry" not or be energetic resources for them so that they could live in us by their thoughts **operating in our minds** that **their mind was** or connected to or do you know or care or learning will you about these things and care about them and nurture them, not; or will you nurture my thought or demised yours or your eyes or mine or their eyes or their thoughts and what are you doing with your thoughts or my eyes and my thoughts and my brains needing,

not; or are you surrendered to "having none" not but what eyes and brains of the holy exist in that which needs not molecular ville to exist? And needing not molecular ville do you need anything of this air's world or wants or "saint-sinner" paradigms again?

26. I am doing new things with "saint-sinner"-villes not, or am I revealing the "light machines" not or am I simply revealing the simple ones who will flow my words in New Covenant's-ville that THE HEAVENS exist of and are sorrowers not allowed there? Or are Sorrowers Redeemed there? And what will be "flown in" and where are we flying to in what now? **And what will we learn and WRITE about now? The assignments that I have given and the papers that I have asked for, called for, time and time again?** And what are you doing WITH THEM? **Sharing them with each other** and putting them on "nets" fishhooks are as, not; but **what are you letting BE SEEN now!** The words of sorrow not living by again, will you come unto mine and let mine flow through you so that "your hand" will be mine? Or will "yours be mine" not or is yours mine RIGHT NOW -- in MY RIGHT MIND are you always now ever knowing the things of the ever-knowing King of Kings omnipotent ruler of ONE that you are of "yourself" first that you have let "your words" die on "the vine" that you grew as separation in Separationville in separationistic thought so that you judge not by "good and evil" intents or intentions again or what by man have sorrowed you with or their definitions or vocabularies?

27. But treating all things with sorrow's words, not; will you treat all as the lovely or will you simply be mine and my mind having and clear words being now "float -ing" throughout the universes, not; or do you TRAVEL great distances IN THOUGHT now at a "moment's notice" or what? Or what RESTRAINTS do you not lie in any longer? Who is not LYING with you any longer and who is not CHAINED to you to sorrows make you spinning in their platesville and what are you connected not to in by "gray matter's" devices or deviceings? And who is waving you not around "their little finger" again? But whose RULE'AGE are you ruling in, not; **what have you surrendered to, to learn, The New Covenant -- and its basis for lying, not; but for raising The Priesthood of All Believers -- who new believers are in sorrow, not; but understanding what all sorrows consist of and how all thoughts took thought and wanted thoughts and wants and wanted its wants to rule "its worlds"?**

28. I love you all and **I've asked you many things and you must decide for you must grow up, you must mature!** **You must BECOME ME! The Almighty King of Kings!** You are not "someone else" somewhere else" waiting for "another" to come ever again and "rescue" you and take you to a far off "utopia".

29. Or Albania going to soon? Or Romania? Or what ruminating on me you will not be for you will not be "dredging up" old words that you "thought were me" now! **Hear me and hearing me having heard me well hear me again! Dredge not up The Old Words that**

you *thought* were me in your thinkings of wantage and wantings of sorrow and not knowing the difference between "iron and clay" and light and unlight and darkness and light and light of sorrows that came upon you to only want you in more soulage so that more soulage remarks they could give you and bring you to "their light" where they could RAPE your THOUGHT MACHINES and give you their thoughtage and re-mark you into their image! DREDGE NOT UP The Old Words that you THOUGHT at one time were SO PRECIOUS to "You!"!!!

30. Think new thoughts from thoughtville, not; but from my mind given to me whose I am and where I am from I am not of religion's core baby'age or babbage'ing machines or numerical digits borning me of sorrow's enticements or enclaves again ruling over me or giving me thoughts or thinkings to enslave me in shroudage of sorrow –s' child being. Never again will I be or think like that! For I know how to think and I think the thoughts of the most high for The Most High has given me "his" mind, not; or am I it because I have created no longer something separate!!! What am I LET DYING now? What am I letting be died out, what is dying out in me? The questions of good and evil, the answers of good and evil, the evidence of good and evil, the appearance of good and evil, and that which has raised its Ugly Head over mine to have *sorrowed* you and me so that we think "separately" and thereby creating separationistic villes and denominations and religions and doctrinations of sorrows and mammon's teatage and all sorts of maladious diseases where we have diseased ourselves and each other with the words that have taken us to WHOREDOM'S hell and hell'd with whoredoms and "shaken hands" with evil creating it within us a "new covenant" that was covenanted with darkness and death and life, left us? Or is The Seed of Life left within us, on or off, or is it birthed or birthing or growing in you-us now? What are you letting happen, come to you now? Words of sorrow or grace or mercy or do you know the difference between light or unlight, do you? You must answer me for you will answer you for you are me and you cannot escape that fact any longer for I am declaring sorrow exists in you and your rulership will not exist apart from mine for I give you my mind and I will sorrow you not but I will bring you into heaven's "gate" not I will place you on my throne and give you everything I am and hanging planets in space and creating words and peoples and things you never imagined with the glory of God most high Almighty King of Kings and Lord of Lords you are and you cannot escape that fact and you will never not know this again for I have said it and declared it and decreed it in the heavens **and now you will resist it or you will surrender to my love!** You cannot escape the fact that I love have loved you enough to reveal myself to you in ways now that plain and simple are and I have given you six years worth of words of the simple one who now ones who come unto you now and reveal the sorrowers graving machines have no power over you whatsoever but you born again ones are or do you know what that means or have you become John 3:8'd and do you know the "who of sorrow" not but will you come out of what has " - " you so that you spin not on platters of their plateage any longer and coming out of it know

your kingship and become birthed again in the new birther that I am so that your seed will be birthed not apart from me in mankind's graving machines that you have taken and worded thusly so separationisticly.

31. I love you and I give and I have given my life to you in these words and these words are my life and I stand and I will not be sorrowed by religion's core babyage or babbage machines or machinery of heaven's unlight again and know this I love you all and I have given you life I have given you the words of life and I give you the light not of sorrow's words but of words of love light laughter joy peace and Melchizedek being all of you will you now being the one be The One I am not separate and apart any longer?

32. You **must** answer these things and these questions for **YOU WILL** whether you "answer them" in writing or not or you answer them "between each other or not" for the time is now and time is up and time is over and now **IT IS FINISHED!!!**

33. Everything is changed now. The worlds of sorrow come crashing down on the worlds of sorrow and the sorrowers who insist on creating them and they will create their own sorrowage and they will re'sorrow with sorrowers the sorrowers remarks and remakings that they clash with and crash with and burn now they will in their own engravings remarks and wordage of sorrow that they chose to insist that exists as a separationistic thought of thought machines that exist only in me, or notme?

34. And who is me and who is notme and who are you and who are you choosing and who are you thinking about and what are you thinking and what are you creating in thinking or thought or **is thought creating you** or **are you creating The King of Kings by surrendering to The New Covenant so that "you" will not exist separate and apart from "me" again anymore ever?** Will you "relieve" yourself from mankind's "burden" of the flesh or the yoke of sorrow or the yoke of un-understanding or the knowledge of only having the knowledge of good and evil?

35. What are you willing to learn and how are you willing to learn it? Must you come unto me as a slave driver being driven as a slave driver's slave? No, I will not let you do that for I will not force you into labor camps or labors reward giving you nor will I require labor of you but **I require Covenant released and I require surrender so that you surrendered will be to The Covenant that releases you from all sorrow** and all that you have been in and the worlds of thought that you have created creating being in theirs and you theirs or were you one with theirs or were you one with me's and **what are you birthing now? Are you carrying the seed of "theirs" or mine? Or were they both in you or were they both you were you heaven in hell in both creating it at the same time?** And that enmity you birthed and boring you were and aching your heart out, did you take that "stomper" out and sucked it, not; or did you suck their brains dry

or who's sucking yours dry of the holiness of Israel real Jerusalem enthroned and ruled by you? Or are you the rulers of "anything" or everything? Are you we all one?

36. What are you all learning? Are "you" learning anything about the way that I speak, the way that I have taught, the way that I teach, the way that I speak, the way that I tenderly caress and the way that I tenderly "speak loud" sometimes?

37. I lay my lives before you or do you lay your lives before mine or do you lie in kingdoms of sorrow no more? What are you willing to do, to create, to release, to relieve or relive or will you come unto the life of one and live it wholly unto me that me is that you are perfectly! Frozen no longer in timespace but understanding the new birth having birthed it! Surrendered to it! Created it by creating me by creating creators that create me that understand me creation'sville creating far and wide in the rulerships of one that one ruler is that makes all The King of Kings and the Almighty Lord of Lords and Adonai El Shaddai EVERY ONE of you being "Elohim unto yourselves" no longer and worshiping yourselves and only creating your creatorvilles to worship yourselves words. No longer does that exist in sorrows- creating sorrowsville child in each other and birthing only sorrowsville's children again. Who only know my vocabulary nots. I love you all.

38. And a new day I have "chosen to live in" not or have I created everything new and do I make everything new now in the new'ers? What are you willing to new be? Will you the designer be of "it" and if so what will you "create yourself" as? A me or a notme and where are you doing this, is that earth? Is that the "formation station" or **the "train station"** or what are you creating and are you listening to me or other's words or will you let mine flow inside of you and build the temple made with not hands of light or of words of sorrow or what? Or are your words building anything, what where? And what are they building or are you building my temple or yours or are we one again understanding all things about these messages and learning "cycles" not but **what "cyclic nation" are you understanding now looking up?**

39. And nations of cyclers, not; but diminishing all cycles of the past, not; am I creating new paradigms to cycle on and off, not; am I creating new worlds with new words and New Wine –s Wisdom that gives all the wisdom of the most highs to the most highs to birth their children correctly now with the words of love peace **Jerusalem creating Zion having been founded** and coming forth now -- the mystery'd one no longer? I love you all.

40. I have stated many things and asked many things. Please know these words well and THIS Database One closes on you, not; but opens new worlds of thought, or originality or original worlds being in now and creating not few to be me us perfectly

now, will you, come into these words now and know them well and surrender to your lovingkindness that you create within others now projecting sorrows no longer? Give them your lives, your life, your love, and peace be at and with and in with all men and women and children and loving me each other far and wide know my assignments and write them and this Database "cold" know it cold and know that warms your heart to beat mine only so that we will have existed in separation not again, and never again embracing sorrow's words but "diminishing" all that not, but demolishing destructing and annihilating all that will within itself be gone, in a few days? Or what sorrowers lie in will be abated NOW and nonexistent?

41. I remake the remaker's remarks, not; I love loves to be the lovely who I am without sorrower's words again. Know the kingdom stands and I have given you mine that mine is that we are that one is and we will enshroud sorrows in us no longer but we will birth The New Births and we will BE the new birthed one and we will reveal the new births far and wide and what it really means to have been "revitalized" not or exactly and living the Life of One so holy that all our words now will **be one with one minded one and one being "two in one" no longer, but one! No mystery any longer. All solved and riddles cease.**
