My theme: Strategic Preparation for Deliberate Growth

My values: Equality Diversity Unity Accountability Responsiveness and Transparency

My Priorities:

- #1 Create a unified user friendly city government that listens and values your input, strengthens our community and is business friendly
- #2 Begin a 10 year plan to fix all water and sewer lines, and make rates equitable
- #3 Begin establishing Digital City Hall where all aspects of city business are accessible online
- #4 Make all city financial affairs transparent, online, change to accrual basis, get outside audit
- #5 Begin a multi-year plan systematically making our sidewalks safe and smooth for all of us
- #6 Assess all options and take action to improve our economy, including development of a downtown parking garage
- #7 Plan for our next decade involving citizens to update our 21 year old Master City Plan
- #8 Improve the organizational efficiency of City Hall, City Council and Commissions
- #9 Help attract new residents, businesses, schools and colleges
- #10 Lead City Government to truly be a Learning Organization that will serve all equally

Education:

BS in Finance, MBA, Doctorate in Strategic Leadership

Career:

1980 Internal Auditor with The Williams Companies

1983 Opened my own accounting, tax, and consulting business, until retirement in 2005

I believe:

We are unlimited in the opportunities before us. Let us refocus on our abilities to unify being creative and strategic to grow and prosper as a diverse community that values each other, our past, our present, and prepares for those now coming to join us.
